**RE: Resident Notification
NJDOT Route 35 Improvements**

Dear Mantoloking Resident,

The New Jersey Department of Transportation (NJDOT) is scheduled to improve the roadway conditions along Route 35 (Ocean Avenue) for the entire length within the Borough of Mantoloking. The tentative schedule for the initial stages of construction to commence is the fall of 2011. The proposed roadway improvements include concrete curb, asphalt pavement, storm sewer, concrete driveway aprons, crosswalk striping, and concrete sidewalks. New sidewalks will be installed along the east side of Ocean Avenue from Albertson Street to the municipal boundary with Brick Township.

Final Design Plans from the NJDOT for the Route 35 Improvements Project are available at Borough Hall for review by the general public for any interested party. Also, the NJDOT has assigned a point of contact to address inquiries from the property owners related to the Route 35 Improvements project. Comments, concerns, and questions can be directed to Denise Peck, Regional Manager (NJDOT Office of Community Relations), at 609-530-2853 (telephone) or at 609-530-2536 (facsimile).

Thank you in advance for your patience and cooperation with the upcoming roadway project. Any questions in regards to the above information, please contact the Mantoloking Engineering Department at 732-899-6600.

Sincerely,

Larry Plevier, PE, CME
Borough Engineer
