

3-hour Mold Awareness and General Safety Procedures

Target audience: Homeowners

Goal: To provide mold awareness and general safety procedures to homeowners when dealing with post hurricane/flood clean-up issues.

Course topics:

- Awareness of mold
- Safe work practices
- Personal protective equipment
- Respiratory protection
- Best practices for remediation

Outcomes:

Homeowners will be able to:

- Identify how and where to look for mold in their home.
- Understand how to protect themselves when cleaning up mold.
- Understand the types of personal and respiratory protection needed to protect themselves.
- Understand clean-up procedures for mold
- Understand other environmental and safety issues that may be present when cleaning up after a hurricane/flood.
