Additional Comments:
3 Miscellaneous Zoning Approvals were granted - an outdoor shower (Z-15-023); a portico, porch and/ or deck (Z-15-025), and a BBQ facility (Z-15-29).

Zoning Permit Numbers for DK-14-059 and PL-14-014 involve the Schreyer Property and were submitted for review after the Joint Land Use Board granted variance approval as part of the Board Application Number 2015-004.

Any Zoning Approvals involving resubmissions for some properties are shown on the Zoning Report. These are noted with a double asterisk in the chart.

Financial Update:

- Deposited to Date: $5,676,066.89
- We have received a payment in the amount of $370,505.86 for the Permanent Pump Station – PW 4791
- PPDR/Demo PW's 3347/3348 have been through the FEMA audit and signed off on with FEMA – the state is reviewing those findings to cut us a check a check for the difference – Between both projects we are estimating an additional $200,000 after our 10% share
- PW 1224/Beach Push and PW 1408/Vehicles have been through the state audit and are going through the steps for closeout – we are owed money on both of these projects – est. $55,000 – we have signed off and look to receive payment soon
- PW 922 – Firehouse – is also going through the state audit but we are awaiting them to approve our insurance proceeds before they close us out – at this time we are paid to date
- PW 1690 – Beach Crossovers & Walkways – will be assembling a Request for Reimbursement for the work to rebuild the walkways throughout town
- PW 203 – We are starting to work with the state on getting this project closed out – this is one of our biggest projects (est. $3m) – in which we have been paid $1.8 m to date – if the audit proves correctly to our records we will receive an addition $1m in reimbursement – keeping in mind that this is a very extensive project we are looking at a closeout time frame of up to 6 months

Projects:

- **Rt. 35 Reconstruction Project** - The DOT is still working throughout town on the landscaping and punch list items that they have created. Please continue to report all issues with the project directly to the NJ DOT Community Outreach Team to the hotline at 732-230-7356 or email at restore.nj35@dot.state.nj.us.

- **Permanent Pump Station FEMA PW #4791**- JEV has installed the submersible pumps and controls, exterior siding, interior wall framing, electrical work including installation of the generator, installation of concrete sidewalk and installation of the galvanized steel column. All work had been completed satisfactorily. The revised roof truss connections have been reviewed and approved by the engineer at HMM and the Construction Code Official.

- **Crossover & Walkways FEMA PW #1690** – DPW is in the process of installing duck walks along Carrigan, Newman and Stephens. These duck walks should make traversing the dunes to the beach a little easier. We also have available a handicap beach wheelchair if needed for beach access. Please contact the police department if you would like to utilize it.

- **Beach Push** – DPW has been actively pushing sand to keep the steel wall covered and dunes piled for protection to beach goers and homeowners. Since the last update they have pushed sand in the area twice, they are currently working in the north end of town.

Respectfully submitted,

MANTOLOKING FIRE COMPANY NO. 1

Serving the

Borough of Mantoloking
Downer Avenue
P.O. Box 213
Mantoloking • New Jersey 08738

Mayor and Council. 7/20/15

The Mantoloking fire company requests a change in the parking area on the west end of Lyman Street by the Barnegat Bay. The old parking ordinance for this area consisted of two hour parking from 9 AM to 5 PM. The Mantoloking fire company feels this area from Barnegat to the bulkhead of Lyman should be changed to a no parking fire zone area. Should there be a situation where drafting of water from the Bay is needed the fire company will need total access to this area, also in the event of a water rescue or any situation requiring emergency services this area would be a central staging area for such emergencies.
