

LOW WATER USE LANDSCAPING

Tuesday, November 10th - 6:00 PM

Mantoloking Yacht Club

Main Clubhouse

Bay & Downer Avenue

presented by

Steven Yergeau, Ph.D.

**Environmental & Resource Management Agent,
Ocean & Atlantic Counties**

Dr. Yergeau's recent work has focused on implementing green practices and assessing their effectiveness in water conservation, watershed planning and restoration and assisting farms in implementing onsite conservation practices. Dr. Steve also works with schools, residents and municipalities in developing programs and solutions to environmental issues affecting coastal water quality.
