

Residents: Please be advised of the below work schedule for milling and paving of town streets. We are kindly asking that you prepare to stay off the roads for a period of 4-6 hours after asphalt is laid. If you must relocate cars temporarily you are permitted to use the southbound shoulder of Route 35 or East Ave. Please communicate this with your contractors, landscapers and any other service personnel that may be at your property this week. We have been out advising the contractors as well to not accept any deliveries or drive over the freshly paved roadways as this may cause unneeded damage to the freshly paved roads.

Tuesday:

- **Milling Barnegat & Bergen**

Wednesday:

- **Milling Barnegat & Bergen**

Thursday:

- **Paving Barnegat & Bergen**
- **Milling Herbert to Old Bridge**
