## MEC ANNOUNCEMENT

### THE RECYCLE COACH APP

New Jersey has contracted with Recycle Coach App for every resident to use this app free of charge. The app is easy to use and has the complete calendar for Mantoloking garbage and recycle pick up. It tells you when there is shredding day and when old beach chairs and such, will be picked up.

You can either find the Recycle Coach App at the app store or there is a link at the bottom of the MEC page on the Mantoloking.org website.

When you sign up there is a quick quiz to take to determine your recycle knowledge. Also, if you have a question, there is a section called "What goes Where?" to help. You just type in the item in question and it provides the answer. There is a section called "Be a better recycler" and "Communication" for you to advise of any problems.

We hope you take advantage of the app and find it useful in helping us all recycle better and smarter!
